

# Climate Protection Certificate 2023

## Reyenvas S.A.

makes a significant contribution to climate protection through the participation in ERDE and the successful collection and recycling of silage films, baler twine, bale nets, perforated-, mulching-, asparagus films and non-wovens in 2023.

**reyenvas**

By consigning these materials to recycling **28 456 tons of greenhouse gas** was reduced in absolute terms.

This corresponds to the CO<sub>2</sub> emissions which **2.050.871 trees** bind in Europe every year.

**On behalf of the climate and the environment we say**

**„Thank you“.**
